

CLEANING PET URINE

Consider:

- Professional enzymatic cleanser for urine
- Upholstery cleaners
- Laundromat for lg items
- Skip household cleansers

In the Washer

1. Presoak: cold + enzyme several hrs
2. Rinse, repeat several times
3. Wash: cold, longest setting
4. Repeat step 3 + enzyme in tub & in detergent dispenser
5. Repeat step 4 several times
6. Repeat step 4, add detergent
7. Air dry
8. Repeat step 6 & 7 as needed

When possible, toss & replace!

Carpet, Furniture, etc:

1. Blot urine: gently to not push deeper, outside in to not spread
 - Consider shop vac!
2. Saturate stain with cold water and/or enzyme
3. Repeat several times
4. Let air dry

Professional Services

(Ex: dry cleaners, floor cleaners, etc.)

- Can make it worse if inexperienced
- Ensure machine was cleaned since last service
- Ensure cleansers are indicated for pet urine
