

CHECK IN WITH ME...

- ...AT LEAST weekly!
- ...to receive your included follow-up support.
- ...if you're confused, so I can clarify
- ...if it's not going how you think it should, so I can assist
- ...if everything is going great, so we can advance your work.

FOLLOW-UP SESSIONS

We should be in touch weekly and meeting At LEAST once a month, virtually or in person, to change/advance your homework. Otherwise, things will NOT improve.

AFTER YOUR ASSESSMENT

WHY?

Our first session is INTRODUCTORY only!! More advanced work is yet to come! I have to teach YOU so you can teach your pet. As you perfect what you're working on, it's time to advance!

BEHAVIOR ISN'T STATIC!

Your pet is continuing to learn (good things or bad things) whether you check in or not. Waiting too long may mean we need a new assessment for me to determine where your pet is at NOW
