

VIDEO MEETINGS

- You have one 30 min video follow-up session per week
- This must be used **by the end** of each week or it will expire
- Expiration is motivation to ensure you keep me updated so I can best advise you

TEXTS & EMAILS

- You have unlimited texting and/or emails for 30 days
- You must text and/or email at least **once per week** to retain this service
- Failure to stay in touch can make my advice irrelevant, useless, or even counterproductive

STAY IN TOUCH

LOSING CONTACT

Some things may seem insignificant to you, but they may significantly impact my plan for your pet(s). If I don't know what is going on AS it occurs, I cannot guide you accurately and safely

WHAT HAPPENS AFTER 1 MONTH?

I have on-going support options available beyond the first month. You can pay a 'subscription' to stay in touch as needed or you can schedule individual 30, 90, or 120 min sessions.
