

## VIDEO MEETINGS

- You have one 30 min video follow-up session
- This must be used **within 30** days of our first session or it will expire
- Expiration is to ensure you keep me updated so I can best advise you

## TEXTS & EMAILS

- You have unlimited texting and/or emails for 30 days
- You must text and/or email at least **once per week** to retain this service
- Failure to stay in touch can make my advise irrelevant, useless, or even counterproductive

## STAY IN TOUCH

## LOSING CONTACT

Some things may seem insignificant to you, but they may significantly impact my plan for your pet(s). If I don't what is going on AS it occurs, I cannot guide you accurately and safely

## WHAT HAPPENS AFTER 1 MONTH?

I have on-going support options available beyond the first month. You can pay a 'subscription' to stay in touch as needed or you can schedule individual 30, 90, or 120 min sessions.
